GUEST SPEAKER
Africa Stewart, M.B.A., M.D.
Board President,
Doctors Without Borders/
Médecins Sans Frontières USA

Einstein celebrates Human Rights Day this year by hosting a presentation by the Board President of Doctors Without Borders USA, Dr. Africa Stewart. **She will share the work she does and how it impacts human rights across the globe.**

Dr. Africa Stewart received her M.D. and started her residency in obstetrics and gynecology at Hahnemann University Hospital. Her career with Doctors Without Borders began in Sudan in June 2011. Dr. Stewart has completed five surgical field assignments with MSF and served as a guide for the organization’s Forced From Home exhibition about the global refugee crisis. She was elected to the board of directors in 2017. She continues to support women’s health care locally and abroad with an emphasis on education and prevention.
